

The purpose of the ELO program is to allow suspended and expelled students an opportunity to continue working on their courses in a controlled environment.

A student that is eligible for the ELO program must be enrolled in one of our sponsoring high schools. An administrator must recommend the student for acceptance into the ELO program.

For more information on Encore's ELO program, check out the Extended Learning Opportunity Packet, Enrollment Form, and 2008-2009 Calendar provided on the web site links.

**Don't miss out... Graduate with your class!!**
